BTS (□□□□□), Stay Gold

In a world where you feel good
You got to stay gold
Oh baby

An enchanting moon light
No sleep again tonight
Guided by the moon light
I run to you
Hide and seek
Stealing my way nto your heart
I draw near
Slide up close , before you know it
uncorrupted
those eyes are like diamonds
More beautiful than any other gem
Repeatedly mesmerized by you
Can’t take my eyes off of you
No more*

Even the clock hand
Stop ticking*

Let it glow
stay gold
even in your dreams*
stay gold
i’ll find you*
stay gold, gold
i want to touch you*
stay gold
you entire being*
stay gold
enthralls me*
stay gold
i want you as mine*
stay gold, stay gold, stay gold
stay gold, stay gold, stay gold
stay gold, stay gold, stay gold
Forever gold!

Making sure i go innoticed
I move in close
slowly
i am warning you baby
you’re so unguarded
i’ll gently make you mine
deep into you , now
racing emotions
make my heart pound faster*

let it show

stay gold
as long as i have you*
stay gold
don’t need anything else
stay gold, gold
want to hold you*
stay gold
love is forever*
stay gold
radiating lights*
stay gold
more than any star*

stay gold, stay gold, stay gold
stay gold, stay gold, stay gold
stay gold, stay gold, stay gold
Forever gold!

Just close your eyes
Don’t say a word*

I’ll steal your heart
Like magic
If you want a miracle
I’ll show you one
Give me your hand*

stay gold
even in your dreams*
stay gold
i’ll find you*
stay gold
enthralls me*
stay gold
i want you as mine*
stay gold, stay gold, stay gold
stay gold, stay gold, stay gold
stay gold, stay gold, stay gold
Forever gold!
