

# Bakermat, Don't Want You Back (ft. Kiesza)

Baby, you can go about your business  
No use in waiting up for me at night  
The only thing that is on y wishlist  
Don't take another second of my time

Little man, no can't you see?  
I'm so done with you and me  
Sick of living fantasies  
It's not right, it's not life  
You've been blind and so naive  
You can't escape reality

You're not the man of my dreams tonight  
No lie!

Don't want you  
Back /4x  
No point in begging on your knees  
Nothing that I haven't seen before  
Don't want you  
Back /4x  
I'm done with all this 'Baby, please'  
You ain't gonna fuck with me  
No more!

You could never end a war with flowers  
Decent love will overshadow hate  
Our love has joined a new world  
Going better  
Sick of burning candles in the rain

Little man, no can't you see?  
I'm so done with you and me  
Sick of living fantasies  
It's not right, it's not life  
You've been blind and so naive  
You can't escape reality

You're not the man of my dreams tonight  
No lie!

Don't want you  
Back /4x  
No point in begging on your knees  
Nothing that I haven't seen before  
Don't want you  
Back /4x  
I'm done with all this 'Baby, please'  
You ain't gonna fuck with me  
No more!

Don't want you Back /2x
