Hurts, Somebody

i am not a victim
i am not a fool
i am not the pawn to be abused

it was never real
it was never love
and i have enough

i don;t wanna listen
i don’t wanna try
cause you that know that i will never miss yo u
or the way you lie

i don’t wanna listen
i don’t wanna stay
but i finally got the strengh in me to say
i am gonna find somebody to treat me better than you
