Camila Cabello, La Buena Vida

I woke up happy by accident
I forgot you were gone again
And all the words you typed out I read (Uh)
But I'm alone on my sofa bed (Uh)
My skin's so soft today-y, but you're so far away-y
And I can go off the memories (Uh)
Starting to feel like a memory (Uh)

And I thought we'd be traveling the world
Together making love in the afternoon
But I'm forgetting what it's like to wake up next to you
And this is what I go through

You should be here, should be with me tonight
Said you're working, you're working all the time
Why am I all alone with your glass of wine?
Oh no, oh no, this is not the life
La-la-la-la-la-la-la

I don't wanna be the one making plans all the time
Asking you what's on your mind
I know I'm not on your mind
Scared you're gonna fall behind
Listen, listen, I get it, I get it
More than anybody I get it
Life is right now you tend to forget it
Looking back you're gonna regret it

I thought we'd be traveling the world
Together making love in the afternoon
But I'm forgetting what it's like to wake up next to you
And this is what I go through, baby

You should be here, should be with me tonight
Said you're working, you're working all the time
Why am I all alone with your glass of wine?
Oh no, oh no, this is not my life

(En la vida lo que importa es el amor,)
(Que nos llena el corazón, lo demás viene y se va)

And I'm forgetting what It's like to wake up next to you
This is what I go through
You should be here, should be with me tonight
Said you're working, you're working all the time
Why am I all alone with your glass of wine?
Oh no, oh no, this is not the life
I, I imagined when you first spent the night
I don't feel like yours, you don't feel like mine
And my twenties are gonna pass me by
Oh no no no no no no, this is not the life
Oh no, oh no, not my life
(La buena vida, la buena vida ¿donde está?)
Ooh
(La buena vida, la buena vida, ¿dónde está?
La buena vida, la buena vida, ¿dónde está?)
Oh no no no no no no, ¿dónde está?
