Camila Cabello, Not Killin' It Today

[Verse]
Accidentally made a joke that killed your boner
And I woke up so hungover
And I didn’t even drink that much last night and I
Hurt your feelings on the phone ’cause I’m PMSing
And you sent the sweetest message
I forgot to reply and I couldn’t even tell you why

[Pre-chorus]
Most days I’m hilarious, confident and I don’t get jealous
And I’m sexy and I’m fun
Most days I’m affectionate
And I love you like I invented it
I’m not usually this dumb, but

[Chorus]
I’m just not killin’ it today
No today, it’s not my day
Hahaha gotta laugh
Someone please give me a break
It’s written on my face
I wanna cry and eat some cake
Try again tomorrow babe,
I’m not killin’ it today
No no no no no, no no no no no no, no no, no
I’m not killin’ it today

[Verse]
Accidentally I sneezed and peed a little,
Looked in the mirror and my eyes jiggled,
And it helps when you tell me I’m perfect but not this time

[Pre-chorus]
Most days I’m hilarious, confident and I don’t get jealous
And I’m sexy and I’m fun
Most days I’m affectionate
And I love you like I invented it
I’m not usually this dumb, but

[Chorus]
I’m just not killin’ it today
No today, it’s not my day
Hahaha gotta laugh
Someone please give me a break
It’s written on my face
I wanna cry and eat some cake
Try again tomorrow babe,
I’m not killin’ it today
No no no no no, no no no no no no, no no, no
I’m not killin’ it today

I’m just not killin’ it today
No today, it’s not my day
Hahaha gotta laugh
Someone please give me a break
It’s written on my face
I wanna cry and eat some cake
Try again tomorrow babe,
I’m not killin’ it today
No no no no no, no no no no no no, no no, no
I’m not killin’ it today
