Jennifer Lopez, US

is this a warning?
my heart beating on an offbeat
is this a caution
that I can’t get enough for your need

could it be us?
could it be us?
could it be us?
could it be us?

feeling you go on ant touch my love
throwing it now
here we go
catch up

could it be us?
could it be us?
could it be us?
could it be us?

I’m right here
don’t wake me if I’m dreaming
could you be the on without a doubt?
could I ne for your keeping

could it be us?
could it be us?
could it be us?
could it be us?
