Jonas Brothers, I Need You Christmas

I Need You Christmas
Friends bty the fire to hold
Times have been lonely
And lately i just feel alone

I Need You Christmas
Family with nowhere to go
Angels on treetops and angels in the snow
On the cold

Seasons Change
Coem and go
But there’s one thing i know
You’ll just stay the same
You don’t ever change

I miss the feeling
Waiting for Santa to show
Caroling late night
And all the children’s eyes aglow

I need you Chrostmas
How i miss you the most
Greetings from loved ones
And lovers under mistletoe

If you’re young
It you’re old
We all wait to be told
Just a simple phrase
Have a Merry Christams

Season change
Come and go
But there’s one thing i hope
You’ll stay the same
Cause i need you Christmas
