Justin Timberlake, SUPPLIES

ain’t no need of stopping, girl
there ain’t no need of stopping, girl
ok.

met you out on Brodway
On the hottest night in town
we arrived solo

but we were being chasing around
saw we being caught up by some guy you used to know
stepped in between the both of ya’ll
said: I’m leaving, do you wanna go?”

cause

I’ll be the light when you can’t see
I’ll be the wood when you need heat
I’ll be generator
turn me on when you need electricity
some shit’s about to go down
I’ll be the one with the level head
the world can end now
baby, we’ll be living in The WALKING DEAD

cause I got supplies
supplies
I got supplies
supplies

I don’t know if you remember this
but I was out of town
flew in on a 3 am
just to show up and hear your sounds

the multiple times, stop
hit the set
you ain’t headed the way
I can guarantee you that

cause

I’ll be the light when you can’t see
I’ll be the wood when you need heat
I’ll be generator
turn me on when you need electricity
some shit’s about to go down
I’ll be the one with the level head
the world can end now
baby, we’ll be living in The WALKING DEAD

cause I got supplies
supplies
I got supplies
supplies

ain’t no need stopping, girl
can nobody top it, girl
ain;t no better option, girl
ain’t no need stopping, girl
this here when I drop in, girl
I work work when I clock in, girl

I’ll be the light when you can’t see
I’ll be the wood when you need heat

I’ll be generator
turn me on when you need electricity
some shit’s about to go down
I’ll be the one with the level head
the world can end now
baby, we’ll be living in The WALKING DEAD

cause I got supplies

now I wanna know everything
don’t leave a single detail out
I’ll get my lighter, just fell out
it makes me a generous lover
oh, I wanna see everything
se don’t leave a single detail out
I want it all on the table
the personal way to
Wait
