Bebe Rexha, Sad

[Verse 1] Do you ever sit? In silence all alone? Drowned out by your thoughts? Tryna get a grip, but just keep on spiralling down Voices getting loud Feeling something now Only you know where to will Do you ever sleep? With troubles in your head? Wrapped up in regrets? Reaching for the help you gotta find inside yourself You're stuck inside a spell Don't need nobody else, -body else

[Pre-Chorus] So don't you mind I'm doing just fine, I'll be fine, I'll be fine

[Chorus] Maybe I'm just comfortable Maybe I'm just comfortable Baby, maybe I-I-I'm just comfortable being sad (oh woah) Yeah, maybe I'm just comfortable Maybe I'm just comfortable Baby, maybe I-I-I'm just comfortable being sad (oh woah)

[Verse 2] I need to get away from inside my brain I feel some type of way I'm dancing all alone, surrounded by everyone else I do it to myself Not asking for your help, for your help

[Pre-Chorus] So don't you mind I'm doing just fine, I'll be fine, I'll be fine

[Chorus] Maybe I'm just comfortable Maybe I'm just comfortable Baby, maybe I-I-I'm just comfortable being sad (oh woah) Yeah, maybe I'm just comfortable Maybe I'm just comfortable Baby, maybe I-I-I'm just comfortable being sad (oh woah)

[Pre-Chorus] So don't you mind I'm doing just fine, I'll be fine, I'll be fine

[Chorus] Maybe I'm just comfortable Maybe I'm just comfortable Baby, maybe I-I-I'm just comfortable being sad (oh woah) Yeah, maybe I'm just comfortable Maybe I'm just comfortable Baby, maybe I-I-I'm just comfortable being sad (oh woah)
