Kelsy Karter, Sad Sad Summer

my bills keep on climbing
the stress i keep buying
plays with my mind
I smoke and I drink
not to drink about it

quick go find another
or I'll start thinking
overthinking
we both know that never goes well

but its lookin like another sad sad summer for me
it's lookin like another sad sad summer

and I got them big dreams
my name on the marquee
but I am feelin blue
cause my shit
ain;t poppin off yet
and I miss my mama
sometimes when I call her
I hope she'll say
babygirl, come on home!

but its lookin like another sad sad summer for me
it's lookin like another sad sad summer

beach balls and waterfalls
everyone in love
but I am in the water
just, just tryna stay above
they all got
beach balls and waterfalls

I don't feel the ;love
I will be here
in the cold ater
