Cashmere Cat, Quit (ft. Ariana Grande)

And you say
That I’m the devil
You know
And I don’t disagree, no
I don’t see the harm
They say you crazy
Just leave him
He’ll suffocate you
But I wanna be in your arms
They say no don’t
Pick up the phone
Let them think there’s nobody home
But I’m under your spell
Cuz when you call
My heart starts to roll
I always want more
It’s my heaven, my hell

We’re heading deep inside
Lives a voice, a voice so quiet
But I can’t hear the voice
When your heart
Beats next to mine

I can’t quick you
I can’t quick you
I can’t quick you
I can’t quick you

Yeah
I’m gonna regret it /4x

When you said baby
I just wanna you to lay me down
And we’ll fuck the pain away
Cuz skin on skin
I feel nothing
But the burning of desire
And that’s just foreplay

We’re heading deep inside
Lives a voice, a voice so quiet
But I can’t hear the voice
When your heart
Beats next to mine

I can’t quick you
I can’t quick you
I can’t quick you
I can’t quick you

Yeah
I’m gonna regret it /4x
