

# Before Today, Pierce the Veil

Why, do I talk so  
And it's your fault  
You're the only one that breaks away  
Your fault now  
When we had fun, we had fun, we had fun  
Everyday will become night and end without a change  
We'll try still strong in chains  
Urging the mind  
To speak until weakness has been disarmed  
You, I'll be back for you  
We'll try, I'll find you  
These midnight masquerades  
Are still strong in their chains  
It's the motion in our blood  
That has since ran out of love  
And it's so hard  
When we've wasted all our youth on you  
Wait for the same moon  
We were smoking on a cold day's afternoon  
In the same fire we'll soon untie  
When it's over the scenes fall in two  
When it's over the sun will be back for you  
We'll soon, we will soon untie
