Leon Else, Dance

Dance /4x

Running in the rain again
Got the backup chasing me
He follows everywhere I go
I won’t he let me be
Fire in my brain again
I’ma get them over me
Voices whisper in my ear
And no, you’ll never be free
No, you’ll never be free

So I dance
Dance

You can try and lock my hands and feet
You could throw away the key
Suck the life out of my soul
And hold it over me
Let the clothes fall from your skin
You gotta set your body free
Use again that atmosphere
And it’s calling out to me
And it’s calling out to me

Dance /4x

You can try and lock my hands and feet
You could throw away the key

Suck the life out of my soul
And hold it over me
