Kungs, Stargate, Be Right Here (ft. GOLDN)

when the lights gon’ down
and the stars come out
I’ll be right there
I’ll be right there
when the lights gon’ down
and the stars come out
I’ll be right there
I’ll be right there

I’ll be her for you
when the stars go on the water
and you can’t breath
I’ll be right there
when it’s past three in the morning
and you can’t sleep
I’ll be right there
when your heart breaks
when you lose faith
yes, I promise, I’ll be right there
I’ll be right there
I’ll be right there

go on, it’s over /4x

for the stark out on the water
and you can’t breath
I’ll be right there
when it’s past three in the morning
and you can’t sleep
I’ll be right there
when your heart breaks
when you lose faith
yes, I promise, I’ll be right there
I’ll be right there
I’ll be right there

go on, it’s over /4x
