Belly, The Weeknd, Die For It ft. Nas

I was told that it was heaven
I was told that it was there before
I was told that you would never leave
And I was told that it was there before

If this is what it is, then I'll die for it If this is what it is, then I'll die for it If this is what it is, then I'll die for it If this is what it is, then I'll die for it

I remember sleepin' od floors and missin tours I was rock bottom Money on my head That was top dolar Had the stock para, gun powder Dor the rottwellers I was home with pops when the cops got him Voices in my head Tryna kill the noise They kipped Nip, will never fill the void I know the devil cried a tear of joy Look, i know the devil cried a tear of joy I never tell, but you heard the stories I can never telli's this heaven or purgatory Early mornin' ain't early for me I am losin' sleep Whole lot of sheep I am count them each But fuck it!, i been up late I been getting twosted I been mixing up the love, hate Swear this shit is glitchin I've been missin' for a month straight Lost faith, bur i am die for it

If this is what it is, then I'll die for it If this is what it is, then I'll die for it If this is what it is, then I'll die for it If this is what it is, then I'll die for it

A foundation of such kids can stand

I am win, i just hope that i am alive for it

How much money willi t cost us Feds, bounty hunters at the office lookin' for some of our artists We just tryna help 'em out So they can change the outcome Instead of puttin' pain in teh street They makin' albums Changin' they sourroundin' Hopefullyhousing **Smoking** We louging in BOca Ration Not a clous in the sky Ocean for mars shit You can die a legend if it's on sight I get so lost in my thoughts, powerful Things i would die for Everything i built for 20 years Won't allow you to make that crumble Put you in the ground I would ctahe a case for jungle And lean through the wondow Extendo to clean ypu up Rest in peace to King Shooter

For respect, for my bame, foe the fam

If this is what it is, then I'll die for it If this is what it is, then I'll die for it If this is what it is, then I'll die for it If this is what it is, then I'll die for it
