Little Mix, Love Drunk

Ah, ah, ah, ah, ah
Ah, ah, ah, ah, ah

Jade:
Can't breathe, can't sleep, crazy what you do to me
Head is smokin', feeling my heart is open
So hazy but it's alright, you take me to the dark side
Dangerous, but I'm fearless, oh

Jesy:
My eyes are blue, but I'm seeing red
And I just can't shake you outta my head.

All:
Maybe, maybe, maybe
Maybe, maybe, maybe

I'm a little bit love drunk
Ever get the feeling where you're miles away
Everybody's looking at me walking, stumbling
Hardly talking, mumbling, going red in the face
Promise I've been drinkin' only lemonade, it's all I take
My heart's just on one about someone
And I'm a little bit love drunk.

Leigh-Anne:
Feelin', so hot, I'm taking your clothes off
Glasses steamed up, I'm dreaming that no one can see us

Perrie:
Laying underneath the stars, Jupiter hits on Mars.
And it hits me so hard

Jesy:
My eyes are blue, but I'm seeing red
And I just can't shake you outta my head

All:
Maybe, maybe, maybe
Maybe, maybe, maybe

I'm a little bit love drunk
Ever get the feeling where you're miles away
Everybody's looking at me walking, stumbling
Hardly talking, mumbling, going red in the face
Promise I've been drinkin' only lemonade, it's all I take
My heart's just on one about someone
And I'm a little bit love drunk

Perrie:
Trippin' on the floor
Freaky love for sure
Still I need you more more more (love drunk)
You knock me down with those eyes
And do it every time
Can't shake you out of my mind, mind

Leigh:
Just a little bit love drunk head in the clouds
And there will never be a hater that can bring us down
I've been slurring my words and I don't know what to say
But it's a feeling that I believe in, never felt this way

And I swear I don't even like hennessey

They call me love drunk cuz I'm far from tipsy
They call me love drunk, what are you doing to me?
They call me love drunk 'cos I'm far from tipsy

Jesy:
My eyes are blue, but I'm seeing red
And I just can't shake you outta my head
I'm getting so hot that I'm getting cold
I'm a feverish and I'm about to blow

All:
Maybe, maybe, maybe
Maybe, maybe, maybe
Maybe, maybe, maybe

I'm a little bit love drunk
Ever get the feeling where you're miles away
Everybody's looking at me walking, stumbling
Hardly talking, mumbling, going red in the face
Promise I've been drinkin' only lemonade, it's all I take
My heart's just on one about someone
And I'm a little bit love drunk

I'm a little bit love drunk
I'm a little bit love drunk

I'm a little bit love drunk
My eyes are blue, but I'm seeing red
I'm a little bit love drunk
