

# Benjamin Ingrosso, Dance You Off

I see that look in your eyes  
but I ain't feeling no pressure

Feels like I'm stuck here in time  
While I've been trying to forget you

Just wanna da-da  
dance you off  
so don't you da-da-dare wait up  
Cause I just wanna feel the mood  
girl with anymore but you  
and I might know  
and I might know  
just trying to have myself a time  
So I just don't care if you mind  
Cause I just wanna feel the mood  
girl with anymore but you  
and I might know  
Yes, I might know

Treated you good  
we were gold  
I dug you like you were treasure  
so don't act like I'm the cruel one  
when I know you better

and I oh I used to think you were  
worth the best in file

Feels like I'm stuck here in time  
While I've been trying to forget you

Just wanna da-da  
dance you off  
so don't you da-da-dare wait up  
Cause I just wanna feel the mood  
girl with anymore but you  
and I might know  
and I might know  
just trying to have myself a time  
So I just don't care if you mind  
Cause I just wanna feel the mood  
girl with anymore but you  
and I might know  
Yes, I might know

I'm just gonna you off the floor  
I used to think that you were worth my every night

Just wanna da-da  
dance you off  
so don't you da-da-dare wait up  
Cause I just wanna feel the mood  
girl with anymore but you  
and I might know  
and I might know  
just trying to have myself a time  
So I just don't care if you mind  
Cause I just wanna feel the mood  
girl with anymore but you  
and I might know  
Yes, I might know
