

Benly, Whitehouse

you got trapped by Benly
you got trapped by Benly

there a lonely kinda type
I can see them naked in the week
I'd like to contemplate my fortunes
but when i started to a daydream
my mind turns straight to love
lonely ,lonely
my mind turns straight to love

lonely day
lonely day dream
lonely day
lonely day dream
lonely day
lonely day dream
lonely day
lonely day dream

everyone's looking at you
everyone's looking at you
everyone's looking at you
everyone's looking at you
everyone's looking at you
everyone's looking at you
everyone's looking at you
everyone's looking at you

there a lonely kinda type
I can see them naked in the week
I'd like to contemplate my fortunes
but when i started to a daydream
my mind turns straight to love
