Burn the mask
Until you play the …
And the world starts to break
Nothing keep secret
No one come to live

Day after day
Until there’s nothing left
Enough
Enough of this
I got to get out
Until I suffocate myself

If I could
Remember why It means
To be me!
But it’s can't
And it scare

Find the way to myself
And in my mind
It work

I’m wearing masks
I am different
Only my mirror knows me now
So tell me how you able to see
Who I really am?

Masquerade
