CHIARA GRISPO, Since You Left Me (FEAT MIC

morning
5 o’clock in the morning
looking up at a ceiling
maybe my head upon the wall

you got
in my head and I can’t stop
so I make my ears pop
Cause it’s time that I let you go

I came here for love
but you pay no attention
so why I keep on wishing you have

since you left oh
since you left oh
since you left oh
since you left
since you left oh
since you left
I wanna nobody but you
since you left

FEAT MICHAL SZCZYGIEL:
kiedy jesteś przy mnie bliżej
coraz częściej
czuje w sobie jakby więcej
nikt mnie nie zna tak jak ty
szczególnie mi jest dzisiaj z tobą bo
bo przeszywa mnie dreszcz gdy jesteś obok
jak mgła unosisz się lekko

You fade away
but I still have affection
but I give too much, and

since you left oh
since you left oh
since you left oh
since you left
since you left oh
since you left
I wanna nobody but you
since you left

and nobody’s hear
nobody my bed
nobody to read me the bed time stories
lonely in the dark
got dizzy and funny
so please turn on the light

since you left oh
since you left oh
since you left oh
since you left
since you left oh
since you left
I wanna nobody but you
since you left
