Little Mix, They Just Don't Know You

Jade:
Daddy doesn't think that you'll be good enough for me
Mama says be careful 'cause he'll break your heart in three
They don't walk in my shoes
They ain't been kissed by you

Leigh-Anne:
My sister says she doesn't like the way you wear your hair
But I know that she's jealous so why would I even care?
I have to lie about
How good you make me feel

Perrie:
So oh

Tell me, tell me you won't break my heart
You won't tear my world apart
That you'll be there when I need
'Cause I wanna tell them

All:
They just don't know you
They just don't know you
They just don't know you
They don't know you like I do
They just don't know you (They don't know)
They just don't know you (They don't know)
They just don't know you, like I do

Jesy:
Talk is cheap and rumors spread but they go with the wind
It's not about she said he said 'cause I know where it ends
I know the real truth
And the real truth is you

Jade:
It's funny 'cause at times it feels like us against the world
They treat you like a criminal but I'll still be your girl
I'd rather die with you
Walk the line if you asked me too

Perrie:
So oh

Tell me, tell me you won't break my heart
You won't tear my world apart
That you'll be there when I need
'Cause I wanna tell them

All:
They just don't know you
They just don't know you (they just don't know)
They just don't know you
They don't know you like I do
They just don't know you (They don't know)
They just don't know you (They don't know)
They just don't know you, like I do

Jesy:
La la la like I do
They just don't know you

All:
You don't know about our love

You choose what you see
'Cause if you felt the way we love
You'd just let it be
You don't know about the times
When it's just him and me (Yeah me)
'Cause if you felt the way we love
You'd just let it be

Jade:
Ooooooooooooooouuuuuuuuuooooo

Tell me, tell me you won't break my heart (you won't break my heart)
You won't tear my world apart (you won't break my heart)
That you'll be there when I need (I need)
'Cause I wanna tell them

They just don't know you (they just don't know)
They just don't know you (they just don't know)
They just don't know you (no)
They don't know you like I do
They just don't know you (They don't know)
They just don't know you (They don't know)
They just don't know you, like I do
