

BENNY CRISTO, KEMAMA (Czechy, Eurowizja 2020)

ok, mama you know
they can say what they want
you should let it go
cause tonight I will show love
I'll show them I can dance on my own

they say I lost my way
lost my way
never lost my way, no!
I know where I go don't care what they say
never care what they say

I am high
I am lifted like sir Bob Marley
Bob Marley
I'm about to show then all imam kill it
Ali Boomaye

imam put my heart on the stove
let y'all feel the heat
you'll be playing whit the fire
if you dance whit me
I wasn't always like that
I wasn't born like that
I just work like that
24/7

ok, mama you know
they can say what they want
you should let it go
cause tonight I will show love
I'll show them I can dance on my own

ok, mama you know
in this concrete jungle I wasn't easy to grow up
nah, nah
but every time they pushed me down
I answered whit this smile and I got up
like you told me

imam put my heart on the stove
let y'all feel the heat
you'll be playing whit the fire
if you dance whit me
I wasn't always like that
I wasn't born like that
I just work like that
24/7

ok, mama you know
they can say what they want
you should let it go
cause tonight I will show love
I'll show them I can dance on my own
