

# Berkcan Demir, Hopes

Anything is anything  
but everything is you!  
where you've been  
where have you proof

everything is everything  
but not enough with you!  
where would you be  
what would you proof

I want all this things  
but I don't ever give my way  
ever give my way

like I owe you  
anything you all  
backing you not fall  
like I owe you  
anything you all  
backing you looking for

I hope you know that!

you got high hopes  
and you want more for me  
you got actions  
but you just want from me  
you got high hopes  
and you want more for me  
you got actions  
but you just want from me

like I owe you  
anything you all  
backing you not fall  
like I owe you  
anything you all  
backing you looking for

I hope you know that!
