Chris Norman, Crazy

Crazy
You know we're all crazy
The Worlds gone crazy.
Can Somebody save me?
Oh, it's all crazy
It's all gone mad.

It's all going down the pan.
We'll wait until it hits the fan.
Starvation and depravity
The meaning of humanity
We're waiting for a better World.
Our hopes and aspirations could be dying.

Woke protesters everywhere.
Just watch your children and beware
Is that the sort of lesson they need?
Immigration, corporation.
What's it all about?
They could be lying.

Crazy
You know we're all crazy
The Worlds gone crazy.
Can Somebody save me?
Oh, it's all crazy
It's all gone mad.
Yeah

The Economy is growing strong.
Well, just what planet are they on?
Unemployment, all walk out.
Stay at home and do without
Raising up the National Debt
Well, how long can this madness keep on going?
Hmmm

Crazy
You know we're all crazy
The Worlds gone crazy.
Can Somebody save me?
Oh, it's all crazy
It's all gone mad.

Crazy
You know we're all crazy
The Worlds gone crazy.
Can Somebody save me?
Oh, it's all crazy
It's all gone mad.
Yeah

It's all gone mad.

Follow me, Follow me
Follow me
Follow me, Follow me
Follow me
Follow me, Follow me
Follow me
Follow me, Follow me
