

Beth Ditto, In And Out

Push my buttons I'll be patient
You can try me it's just another
Day in the life

No
You know you're not getting respect
That you deserve

Feeling buried alive

I will love you like a millionaire
Living on a dollar a day

Money isn't everything

I, I do it for you
You do it for me
And we go in and out of love

I, I do it for you
You do it for me
And we go in and out of love

in and out of love
in and out of love

I wasn't born yesterday
No I been around a while
To know a good thing when I see it baby

My whole world wrapped in your smile
I stuck around with my heart wide open
We made a home and it can be broken

The give and take will make
It all work out

Heaven wasn't built in a day

I, I do it for you
You do it for me
And we go in and out of love

I, I do it for you
You do it for me
And we go in and out of love

in and out of love
in and out of love
