Liam Payne, Slow

thought this is done, i will turn a blind eye
don’t tell me goodnight, cause it means goodbye
know that we’ve broken
no this was over months ago

got m pretending you ain’t down at last
it got me runnin’, runnin’ obvious
you baby, way you got a rush

if you gonna let me down
let me down
tell me what I’d already
already know
I know that your minds of ready made up
but give me one more night before we give u
if you gonna let me down
let me down
just another minute
I ain;t ready to go
before we let the light in
baby just hold me like you don’t know
that you’re gonna let me down
let me down slow

just leave in on set
just one a second
if you don’t say it
then it ain’t true yet
know that we’ve broken
no this was over months ago

got m pretending you ain’t down at last
it got me runnin’, runnin’ obvious
you baby, way you got a rush

if you gonna let me down
let me down
tell me what I’d already
already know
I know that your minds of ready made up
but give me one more night before we give u
if you gonna let me down
let me down
just another minute
I ain;t ready to go
before we let the light in
baby just hold me like you don’t know
that you’re gonna let me down
let me down slow
