Lil Peep, benz truck

lil Bo Peep
with a brand new bitch
in the back ot the club
with the goth boy clique

iced out teeth
on a iced out whip
with the limousine tints
so you can suck my dick
friends switch up
when you in the benz truck
always wanna fuck
tell the bitch good lack

always wanna fuck
cause I just came up
drugs in my nose
good drugs in my cup

I don’t want wait now
but I know you gonna make me
who you wanna hate now?
pretty soon you’re gonna hat me

getting th the cake now
all the hate don’t phase me
all the money that I make now
I’ll never it change me
