Martin Solveig, My Love

you’re in free fa;;
do you recall catching me hanging around?
all the people
got me on hold
but I keep waiting for you

look like you need a friend
look like you need a top
shelf hundred percent
the time is of the essence
I can go to the distance

for a minute you can use my love
my love /4x
I will leave it up to you
my love /3x

for a minute you can use
my love /3x
we don’t have to be afraid
my love /4x
I don’t need to know your name

smoke and light bulbs
I’d see your blindfold teasing me dancing around
you’re stone cold
either way

for a minute you can use
my love /3x
we don’t have to be afraid
my love /4x
I don’t need to know your name
