Clean Bandit, Baby (feat. Marina & Luis Fonsi)

Sé que te gusto a ti todavía
Tres, dos, uno...

Standing here in an empty room
I saw you there and my blood ran cold
Take me back to that long September
Don't know how I ever let you go
I was young, didn't know 'bout love
You were wild, couldn't get enough
Gave my heart to another lover
Don't know how I ever let you go

find me in another place and time
if only /2x
you were mine
but I'm already someone else's baby

guess I had my last chance
and now thi sis our last dance
you fell through the cracks in my hands
hard to say it's over
but I;m already someone else's

baby ahhh /3x
but I'm already someone else's baby

all caught up in the way we were
I eel your hands getting close to mine
don't say the words that I love to hear
the beat goes on and I close my eyes
I was young, didn't know about love
you erer wild, couldn't get enough
let's leave things the way they were
you'll stay with me like a lullaby

se qyue te gusto a ti todavia por mucho que digas
ademas puedo ver en tus ojos que no solo quierres quedar como aigos
tienes mi Corazon
eres mi obsession
soy tuyo po siempre

guess I had my last chance
and now thi sis our last dance
you fell through the cracks in my hands
hard to say it's over
but I;m already someone else's

baby ahhh /3x
but I'm already someone else's baby

wish I met you at another place nand time
if only , if only you were mine
this love story ends for you and o
cause I am already someone else's

baby ahhh /3x
but I'm already someone else's baby
/2x
