Conchita Wurst, BODYMORPHIA

i drink a cup of purity to celebrate the times
dream away reality no borders on my mind

sickening beauty
is all that you see
glossy glow seductive

drag the shine
pull the train
get dirt to flirt
repulsive

turn me off
turn me on
disgustingly delicious

take me in
like a sin
apple fruit oh luscious

all the glory to whom is whorey
let no one dimm your light boo

Pop the tongue
Sjow me hun
How bad you want me in you

Stretch your neck
Arch your ass
Breathe in and kiss me tender

Down your leg
Up your ass
Show off beautiful creature

won't give you time to approve all my needs
'cause you don't know of the world in my dreams
and i'm ready ready ready to be seen again

ain't not greater light than the one within me
you got it too, raise up,
follow me!
so we are ready ready ready to be seen again

Beauty is sick
Grace yje filth
Grunt and pose
Seductive

Come on ???
Work the glam
Mor dirt to flirt
Repulsive

Show your neck
Streatch your arms
Yje star of doublr feature

Down your leg
Up your ass
Show off beautiful creature

won't give you time to approve all my needs
'cause you don't know of the world in my dreams

and i'm ready ready ready to be seen again

ain't not greater light than the one within me
you got it too, raise up,
follow me!
so we are ready ready ready to be seen again
