Meek Mill, 1942 Flows

I started off poor with plans to earn more
now we own stores and fuck the baddast whores
I was on tour with niggas that's so raw
started selling white
we won't sell it no more
I'm like Trump
ain't feeling us
cops still killing us
Niggas taking shots
can't stop me
they ain't real enough
cut her off
act like she's ded and it's killing her

mew dawn, Hermes seat
I left the ceiling up
just to get to kill em softly
get them off me
try to crucify me
like I'm Jesus the way she cross me
I;m too bossy and
too through to move like a weirdo

on point like an arrow
we started odd with zero
now I'm seeing M's
diamonds like water and they jumping out the gym
shooting like Harden if
your head was the rim
Cause niggas wanna like me
like a shape up in the trim, damn

back when I was broke
they was cool with it
nw every move I make
I'm in the news with it
Even if I ain't do it
they be like, you did it
my teachers always used ytto tell me
you gon' lose nigga
that's why I never went to school nigga
and why I am rapping like I got something to prove nigga
went and bough the mansion with the pool in iy
Billy with the stamp, u get two with it
