Cris Cab, All Of The Girls (ft. Pitbull)

When It comes to girls
They say:
If you turn down, you can only get one
But if you walk down
you can get them all

Imagine if you crawl\all of the girls say
Ooooo
It’s Mister W.W. ohhh
Putting ot down with Cris Cab, oooohhh
Double C, talk to them

There’s something about Tina
She twins up my day
One day o dream of
She’s my Mona Lisa

Caroline and Ktatarine
They take my blues away
There’s Ronda she’s fun
But she call me every day

I can see her by my side
She’s got everything I like
The way she says my name
Always starts the flame

There’s just something
In her eyes
Like the stars when they’re alive
From all around the world
I can hear her all
Of the girls
