David Guetta, Don't Leave Me Alone (ft Anne-Ma

i don’t want ot lie
can we be honest?
right now while you’re
sitting on my chest
I don’t know what I do
without your comfort
if you realy go first
if you really left

I don’t know if I would be alive today
with or without you
like I night and day
read and repeat evry conversation
being with you everyday
is a Saturday
but every Sunday you’ve got me praying

don’t you ever leave me
don’t you ever go
I’ve seen it on TV
I know how it goes

even if you angry
even when I’m cold
don’t you ever leave me
don’t leave me alone

i don’t want to call
and you don’t answer
never see your face light up my phone
never see your singing tiny dancer
every time my heads hurts
every time I’m low

because I don’t know if I would be alive today
with or without you
like I night and day
everything about you are complicated
here with you everyday is a Saturday

read and repeat evry conversation
being with you everyday
is a Saturday
but every Sunday you’ve got me praying
but every Sunday you’ve got me praying

don’t you ever leave me
don’t you ever go
I’ve seen it on TV
I know how it goes

even if you angry
even when I’m cold
don’t you ever leave me
don’t leave me alone

don’t you ever leave me
don’t you ever go
don’t you ever leave me
no!
