David Guetta, I Don't Wanna Wait (feat OneRepu

Let's make tonight the weekend
I don't wanna wai-ait
I don't wanna wai-ait
I don't wanna wait
Got no reason not to celebra-ate
Baby, I just don't wanna wait

Swimming in the deep blue
Got me thinking 'bout you
I'm just trying to dive right in
Wanna spend tonight like
The last night of our lives
Chasing all the love we can

And now oh, I'm in a sea of lights
And all that I can see is you
And now I'm dyin' to feel alive
So baby, let's try something new

Let's make tonight the weekend
I don't wanna wai-ait
I don't wanna wai-ait
I don't wanna wait
Got no reason not to celebra-ate
Baby, I just don't wanna wait
Tonight's the weekend
I don't wanna wai-ait
I don't wanna wai-ait
I don't wanna wait
Got no reason not to celebra-ate
Baby, I just don't wanna wait

I've been chasing so long
Every right that feels wrong
Rather be with you instead
There's something about it right here
Got me seeing so clear
Rainbow-coloured skies ahead

And now oh, I'm in a sea of lights
And all that I can see is you
And now I'm dyin' to feel alive
So baby, let's try something new

Let's make tonight the weekend
I don't wanna wai-ait
I don't wanna wai-ait
I don't wanna wait
Got no reason not to celebra-ate
Baby, I just don't wanna wait
Tonight's the weekend
I don't wanna wai-ait
I don't wanna wai-ait
I don't wanna wait
Got no reason not to celebra-ate
Baby, I just don't wanna wait

Let's make tonight the weekend
I don't wanna wai-ait
I don't wanna wai-ait
I don't wanna wait
Got no reason not to celebra-ate
Baby, I just don't wanna wait.
