Naughty Boy, Should've Been Me (ft. Kyla & Popc

I needed a little space
Honest, I thought you'd stay waiting
I made my last mistake
You're happy and I hate it

And now I know that I spoke too soon
Seeing how fast you made moves
I want you so bad
I know you do, know you do, know you do
I want you back but you're gone
All on my own I miss you
I know it's too late can't handle that truth
I want you so bad
I want you back but you're gone

It should've been me all along
It should've been me every time I closed my eyes
Yeah I can see, those times where I used to be
Oh, God, it should've been me all along

Well how is that it seems
'Cause you don't think of me that often
How could I let you leave me?
Well it's too late now to stop you

And now I know that I spoke too soon
Seeing how fast you made moves
I want you so bad
I know you do, know you do, know you do
I want you back but you're gone
All on my own I miss you
I know it's too late can't handle that truth
I want you so bad
I want you back but you're gone

It should've been me all along
It should've been me every time I closed my eyes
Yeah I can see, those times where I used to be
Oh, God, it should've been me all along

It should've been, should've been me
It should've been me, should've been me all along
It should've been me all along
