David Guetta & MORTEN, Impossible (ft. John M

I know the world is burning
But we've still got a Chance
I know that we could beat imposible
Impossible you and i

Close your eyes in the bright lights
Can you see me in your mind liek i see you
I remember all the years gone by
As we're slipping into the eberfading night

Listen to me now
I know the world is burning
But we've still got a Chance
I know that we could beat impossible
Impossible you and i

Ever if we are hutin'
We've still got half a Chance
I know that we could beat impossible
Impossible you and i

Impossible you and i

Ever if we are hutin'
We've still got half a Chance
I know that we could beat impossible
Impossible you and i
