

Blake Shelton, Nobody But You (Duet with Gwen

Don't have to leave this town to see the world
'Cause it's something that I gotta do
I don't wanna look back in thirty years
and wonder who you're married to
wanna say it now, wanna make it clear
for only you and God to hear
when you love somebody
they say you set 'em free
but that ain't gonna work for me

I don't wanna live without you
I don't wanna even breathe
I don't wanna dream about you
I wanna wake up with you next to me
I don't wanna go down any other road now
I don't wanna love nobody but you
lookin' in your eyes now
if I had to die now
I don't wanna love nobody but you

all the wasted days, all the wasted nights
I blame it all on being young
got no regrets 'cause it got me here
but I don't wanna waste another one
I been thinkin' about what I want in my life
it begins and ends the same
if I had to choose what I could lose
there would only be one thing

I don't wanna live without you
I don't wanna even breathe
I don't wanna dream about you
I wanna wake up with you next to me
I don't wanna go down any other road now
I don't wanna love nobody but you
lookin' in your eyes now
if I had to die now
I don't wanna love nobody but you

I wanna say it now
wanna make it clear
for only you and God to hear

I don't wanna live without you
I don't wanna even breathe
I don't wanna dream about you
I wanna wake up with you next to me
I don't wanna go down any other road now
I don't wanna love nobody but you
lookin' in your eyes now
if I had to die now
I don't wanna love nobody but you
