P!nk, Secrets

what do we conceal
what do we reveal?
make the decision every day
what is wrong with me
it’s what’s wrong with you
there’s just so much I wanna say

I like to make believe with you
da da do do
that was always speak the truth
I like how we pretend the same
da da do do
play this silly little game

I’ve got some things to say
cause there’s a lot that you don’t know
it’s written on my face
it’s gonna be hard to swallow
everybody’s got secret
I got some thingh to say
everybody’s got secret
cause it’s the lot that you don’t know
everybody’s got secret
it’s written on my face
everybody’s got secret

I let the walls come down
I let the monster out and it’s coming after me
do you feel exposed where it hurts the most?
can you wear it on your sleeve?

I like to make believe with you
da da do do
that was always speak the truth
I like how we pretend the same
da da do do
play this silly little game

I’ve got some things to say
cause there’s a lot that you don’t know
it’s written on my face
it’s gonna be hard to swallow
everybody’s got secret
I got some thingh to say
everybody’s got secret
cause it’s the lot that you don’t know
everybody’s got secret
it’s written on my face
everybody’s got secret

put it in the closet
lock the doors
wondering which one is worst
is it mine or is it yours
put it in the closet
lock the doors
wondering which one is worst
I’ll show you mine if you show me yours
I’ll show you mine if you show me yours

I’ve got some things to say
cause there’s a lot that you don’t know
it’s written on my face
it’s gonna be hard to swallow

everybody’s got secret
I got some thingh to say
everybody’s got secret
cause it’s the lot that you don’t know
everybody’s got secret
it’s written on my face
everybody’s got secret
