De La Soul, TrainWreck

She move forvard like proceed
Keeps head up like nosebleed
A piece from the East, from the norm
But she off of the chain
So she cover all globally
Never be touched
So, I’m holding
Bullets found a target
The gun know me
The past life bags from my memoery
A fan of a large and I’m member see
I give it to her like a fol
Sucker for love
I;m that dude
When sh is on the wood
She gives good oral
When I’m not with her
I get withdrew
Lord, I’m half a man without a one to call
She claimed a … man
She is a wonder doll
She keeps me floores
Pack an iron snake on thirty rims
She like tha snake in her …
I’m addicted by design, a fiend
Is she ever try to cut me from her team

Don’t turn your back
When she’s on the track
Watch out from that TrainWreck
Coz when she come
You better watch your back
Watch out she’s a TrainWreck

She had me at star-bucks
Sipping frappucino
I wanna grind on that coffee bean
A couple cups of that joe is a pep back
She will be swinging on chandeliers
Baby got that skin
I can handle years
And I won’t mind if she fucks asleep
Her mouth game is like rap-a-lot
Her FB says that she aims at this rap a lot
Online surfing for them beach boys
To bring the sand under her feet boys
She my rock bottom like last offer
Even through she a bomb scare
I’m standing right here
I’m right here

Don’t turn your back
When she’s on the track
Watch out from that TrainWreck
Coz when she come
You better watch your back
Watch out she’s a TrainWreck
