Demi Lovato, Met Him Last Night (ft. Ariana Gran

Late at night
I am sipping as you pass me by
Red or white
You pour another say it’s fine

I don’t believe you
Cause i know
Just how you do

I’ve seen the devil
Yeah, i met him last night
Had conversation
Yeah, ithink is alright
Seem kinda funny
Yeah, he’s kinda my type
I’ve seen the devil
Yeah, i met him last night
One conversation
Now he’s spent the night
I think i love him
Thought i know
It ain’t right

You got me fucked up
I won;t let this happen again
This the last time
You won’t take advantage of my innocence

I don’t believe you
Disguied but i see right through

I’ve seen the devil
Yeah, i met him last night
Had conversation
Yeah, ithink is alright
Seem kinda funny
Yeah, he’s kinda my type
I’ve seen the devil
Yeah, i met him last night
One conversation
Now he’s spent the night
I think i love him
Thought i know
It ain’t right

How could i ever believe him
The one look could be so deceiving
Boy you were m only vice
I never feel this way
Won’t be no hostage i am leaving
Boy you just gave me a reason

No one ever thought i’d be the one
No one ever thought i’d be the one to fall
Watch me bounce
Before i give you my all

So i promise tonight is the last call

I don’t believe you
Disguied but i see right through

I’ve seen the devil
Yeah, i met him last night

Had conversation
Yeah, ithink is alright
Seem kinda funny
Yeah, he’s kinda my type
I’ve seen the devil
Yeah, i met him last night
One conversation
Now he’s spent the night
I think i love him
Thought i know
It ain’t right
