Demi Lovato, The Way You Don't Look At Me

I’ve lost ten pounds on 2 weeks
Couse i told me i shouldn’t eat
I gained a new vice way more than twice
I’ve slept on bathroom floors
I lost my temper and locked all my fingers
Looking for answer there aren’t really answers for

And i’ve been to hell and back
But thi isn’t that

Cause when you say nothing
It’s much worse the things i’ve ovecome and
This hurts harder than my time in heaven
You don’t think i see
The way
You don’t look at me

Turned off the TV
I close the windows
So tell me what’s on your mind
That makes you so selective
I am not afraid of natural disasters
But i am so scared
If i undress that you love me after

And i’ve been to hell and back
But thi isn’t that

Cause when you say nothing
It’s much worse the things i’ve ovecome and
This hurts harder than my time in heaven
You don’t think i see
The way
You don’t look at me
