Pussy Riot, Refugees In (at Banksy's Dismaland)

Met in Europe by razor wires,
Governments here fucking liars
Desperate people who need to flee
Seeking refuge by land and sea
Push for borders, get no peace
Fuck the police like we're in Greece

Cage me in cage me out
Refugees in, nazis out
Governments here should feel the shame
Fucking liars, you're to blame

Fuck the police
Like we are in Greece
Destroy piece by piece
This conservative disease

Huff and puff and smash it up
Burst, blast, blow it up
Cage me in cage me out
Refugees in, nazis out
Governments here should feel the shame
Fucking liars, you're to blame

Cage me in cage me out
Refugees in, nazis out
Governments here, should feel the shame,
Fucking liars, you're to blame
You're to blame

Cage me in cage me out
Refugees in, nazis out
Governments here, should feel the shame,
Fucking liars, you're to blame
You're to blame

Cage me in cage me out
Refugees in, nazis out
Governments here, should feel the shame,
Fucking liars, you're to blame
You're to blame

Bombing people out of homes
We want peace, not fucking drones
Push, push borders away!
Push borders, do it today!
Human beings
not a swarm Injustice
government norm

Cage me in cage me out
Refugees in, nazis out
Governments here, should feel the shame,
Fucking liars, you're to blame
You're to blame
