Radiohead, Burn The Witch

Stay in the shadows
Cheer at the gallows
This is a round up

This is a low flying panic attack
Sing a song on the jukebox that goes

Burn the witch /2x
We know where you live

Red crosses on wooden doors
And if you float you burn
Loose talk around tables
Abandon all reason
Avoid all eye contact
Do not react
Shoot the messengers

This is a low flying panic attack
Sing a song on the jukebox that goes

Burn the witch /2x
We know where you live /2x
