Mandaryna, Gosia Andrzejewicz, Ina, Need You F

I am still waiting for the sun to come
I am still waiting for a down
I Need You Forever
I Need You Forever
Right by my side

I Need You Forever
Right by my side
Right by my side
I Need You Forever
Right by my side
I Need You Right by my side

and when the day is done
and the rainbow's gone
they spread the hate
on everyone

I Need You Forever
Right by my side
Right by my side
I Need You Forever
Right by my side
I Need You Right by my side
