Always think about you
Always though i have a life
I could grow with you
As time fades
Crazy how our lifes changed
Feeling like a Shockwave
Without you
Always think about you
Always though i have a life
I could grow with you
As time fades
Crazy how our lifes changed
Feeling like a Shockwave
Without you
Always think about you
Always though i have a life
I could grow with you
As time fades
Crazy how our lifes changed
Feeling like a Shockwave
Without you
