Melanie Martinez, Lunchbox Friends

you said:
“hey, girl, will you sit whit me?
table in the back of Cafeteria C?
we can be friends if you want to be
but only ‘till the clock hits class
talk lunch, we can walk to class
talk about the boys that we want to smash
talk about ways to get a little more cash
after that I’ll ignore your ass”

the hassle
the fighting
they all want a bite of me
photos,
more photos and gossip
about hoes that they don’t know
talk shit though
