Mike Posner, Prince Akeem (ft. Wiz Khalifa)

good morning
this that alarm clock song
I made if for you to wake up to

you know icame to rip the scene apart
my whole life is a piece of art
and this is just a brushstroke
I made t in the biz
they said was cutthroat
I am getting where I wanna be
but honesty
I can’t evern tell that’s really where I wanna be

I am not a commodity
I am on an odyssey
used to be a wannabe
now I am what I wanted to be
I am an underdog, dog
I am Ralph Nader-ing
following my intuition now and thst’s a mijor win
I am Taylor Switch
,mixed with Ruth Bader Gins
Liberation is the flavor that I am savorin
fake breatst and makeup
they don’t turn me on
life is game and, yes, the journey’s long
growing’ my beared was just like me putting my jersey on
coach K saw the light in me early on
