Dj Mustard, Whole Lotta Lovin' (ft. Travis Scott)

Whole lotta lovin', lovin', lovin', lovin'
Whole lotta, (whole lotta, whole, whole)

Aye mama, don't need no shit
I don't need no lip, just a whole lotta lovin'
Niggas always tryna hate
But when I'm with they bitch, get a whole lotta lovin'

Finally I can move how I want
And I need, pick a time and I'm zoning
You got me, I got you
And that's all that I need when I wake in the morning
For a whole lotta lovin'
For a whole lotta lovin'
Whole lotta lovin'
Whole lotta lovin', lovin', lovin', lovin'
Whole lotta lovin'
Whole lotta lovin', lovin', lovin', lovin'
Whole lotta lovin'
Whole lotta lovin', lovin', lovin', lovin'
God damn it I'm fucked up
God damn it I'm fucked up
Are you down? Are you down? Are you down?
Are you down? Are you down? Are you down?
God damn it I'm fucked up
Are you down? Are you down? Are you down?

Wait, baby it's 'bout to go down
Order another round
Don't get nervous now
Turn them one's around (it's it?)
Shining up that whip
Bad bitch on my dick (straight up!)
Time ain't going nowhere
Long as you right here
Pour my lean and juice
Braid my hair like Snoop
[?] in my coupe
Ain't no bitch like you
Riders with me too
Die and live by you
Die and live by you

Finally I can move how I want
And I need, pick a time and I'm zoning
You got me, I got you
And that's all that I need when I wake in the morning
For a whole lotta lovin'
For a whole lotta lovin'
Whole lotta lovin'
Whole lotta lovin', lovin', lovin', lovin'
Whole lotta lovin'
Whole lotta lovin', lovin', lovin', lovin'
Whole lotta lovin'
Whole lotta lovin', lovin', lovin', lovin'
God damn it I'm fucked up
God damn it I'm fucked up
Are you down? Are you down? Are you down?
Are you down? Are you down? Are you down?
God damn it I'm fucked up
Are you down? Are you down? Are you down?

Now it's time to take it home
Do at least a hundred, baby

Driving in your new mercedes
That your daddy loaned us
/2x

Are you down? Are you down? Are you down?
Finally I can move how I want
Are you down? Are you down? Are you down?
Finally I can move how I want
Are you down? Are you down? Are you down?
You got me, I got you
Are you down? Are you down? Are you down?
And that's all that I need
Are you down? Are you down? Are you down?
When I wake in the morning
