Skylar Grey, Angel With Tattoos

well our daddy don’t care
he just wants to see you happy
and your sister don’t mind
kind of think she even likes me
and to me it’s so important
your family supports out love
cause I kinda plan on starting
a family of our own

but your mama don’t like me much
I wish she wouldn’t judge
this book by its cover
that’s covered in dust
cause in between that pages
is a tale of love so true
that my evil past has faded
and when it comes to you

I am just an angels whit tattoos
I am an angel whit tattoos

I would never do you wrong
even though I’ve done wrong before
I don’t blame her baby trying
to protect her baby boy
at least we got that much in common
we’re always gonna put you first
you’re the apple of her eye
you’re the center of my universe

but your mama don’t like me much
I wish she wouldn’t judge
this book by its cover
that’s covered in dust
cause in between that pages
is a tale of love so true
that my evil past has faded
and when it comes to you

I am just an angels whit tattoos

feels like I am born again
feels like I am born again

but your mama don’t like me much
I wish she wouldn’t judge
this book by its cover
that’s covered in dust
cause in between that pages
is a tale of love so true
that my evil past has faded
and when it comes to you

I am just an angels whit tattoos
oh, I am an angels whit tattoos
