

# BTS (방탄소년단), Film out

You in my imagination  
Are so vivid  
As if you are right there  
But I reach out my hand  
And you suddenly disappear

From all the memories stored in my heart  
I gather up the ones of you  
Like them together  
Gazing at them projected across the room  
I feel you with every burst of pain

LaLaLaLaLaLaLaLaLaLaLa  
LaLaLaLaLaLa  
LaLaLaLaLaLa  
LaLaLaLaLaLaLaLaLaLaLa  
LaLaLaLaLaLa  
LaLaLaLaLaLa

Decay too far gone absorbing no light or water  
Sealing my wounded heart with a ruthless  
Leafless vow  
Two glasses placed side by side  
Their role  
Never fulfilled  
Just as they were  
Since you also touched them

From all the memories stored in my heart  
I gather up the ones of you  
Like them together  
Gazing at them projected across the room  
I feel you with every burst of pain

Don't have to be right  
Just wanted you to stay the way you are  
Kind hearted  
Always smiling  
But  
If tears can be measured  
It took this long but  
I've barely made it by your side  
And found you

From all the memories stored in my heart  
I gather up the ones of you  
Like them together  
Gazing at them projected across the room  
I fall asleep with you vivid in my arms

The words you whisper  
The resonance  
Wander aimlessly around the room  
The fragrance I smell  
The warmth I feel  
As long as it lasts  
As long as it lasts

You in my imagination  
Are so vivid  
As if you are right there  
But I reach out my hand  
And you suddenly disappear
